

Note & Float™

Water Safety Program

Note & Float™

All children should learn to swim, but until they can - float 'em!

What is Note & Float?

Swimmers and non-swimmers are identified by wearing a **wrist band** 'noting' swim ability

Non-swimmers are required to wear a properly fitting U.S. Coast Guard approved Type III **life jacket** (float)

Parents/guardians must always actively **supervise** children within **arm's reach**

Why Note & Float?

Note & Float **acclimates** children to the water and **accelerates** the **learn-to-swim** process

Note & Float allows **all** children to **enjoy** the water

Life jackets save lives!

Buckle-up for safety in the car and buckle-up in a life jacket when water's not too far!
