

Practical Pool Management *Plus*

A Nationally-Recognized Two-Day Training Course for Pool Operators

Practical Pool Management *Plus* is a *two-day* certification program which provides an in-depth analysis of pool operations, safety and risk management to help ensure clean, clear water for swimmers and a safe environment for all.

PPM *Plus* is specifically designed to meet or exceed pool operator training requirements for all 50 states and includes information on international standards for public pool operations.

"After twenty-five years in aquatics, I was surprised to find an old dog CAN learn new tricks!" - Marc Solomon (Miramar, FL)

Practical Pool Management *Plus* moves beyond traditional calculations and mathematics to provide the pool manager not only the basics of pool operations but also a comprehensive look at managing an aquatic facility. Our practical approach and straightforward presentation using multimedia technologies makes even complicated topics easy to understand and remember!

Using *The Complete Swimming Pool Reference* (2nd Edition) as a foundation for the course, **Practical Pool Management *Plus*** offers practical tips and principles *not found in other sources!*

Topics include:

- Circulation, Filtration & Water Balance
- Adjusting Chemicals & "Shocking"
- Automation
- Backwashing
- UV, Ozone & Alternative Sanitizers
- Spas, Spraypads & Therapy Pools
- Chemical Handling & Safety Precautions
- Legal Liability for Pool Managers
- Risk Management
- Avoiding Suction Entrapment
- Headfirst Injuries
- Common Problems and Solutions
- Recreational Water Illnesses
- Body Blindness
- Lifeguard Boredom
